

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
CENTRAL VALLEY REGION

ORDER R5-2020-XXXX

RESCINDING WASTE DISCHARGE REQUIREMENTS

The California Regional Water Quality Control Board, Central Valley Region (Central Valley Water Board), finds that the Board adopted the following Order, which is no longer applicable for the reasons shown:

A) BAPTIST SUGAR PINE CONFERENCE, CAMP SUGAR PINE WASTEWATER TREATMENT FACILITY, WASTE DISCHARGE REQUIREMENTS ORDER NO. 87-031, MADERA COUNTY

Waste Discharge Requirements Order 87-031, adopted on 27 February 1987, prescribes requirements for the discharge from the Baptist Sugar Pine Conference, Camp Sugar Pine Wastewater Treatment Facility (Facility). On 27 September 2019, Sugar Pine Christian Camps submitted a Form 200 and Report of Waste Discharge for coverage under State Water Resources Control Board Order 2014 0153 DWQ, General Waste Discharge Requirements for Small Domestic Wastewater Treatment Systems (General Order) for the Facility. Additional information needed for enrollment of the Facility under the General Order was provided in subsequent materials up to 19 June 2020. On 16 July 2020, a Notice of Applicability was issued for the Facility (enrollee number 2014-0153-DWQ-R5340). The Notice of Applicability establishes a flow limitation of 20,000 gallons per day (monthly average) from the Facility's lift station to either an aerated pond or evaporation/percolation ponds. Therefore, it is appropriate to rescind Waste Discharge Requirements Order 87 031.

IT IS HEREBY ORDERED that the above Order is rescinded.

I, PATRICK PULUPA, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Valley Region on ___ Month 2020.

TENTATIVE

PATRICK PULUPA, Executive Officer
